Westlaw AU

Using Terms and Connectors on Westlaw AU – Course Outline

Objectives

This session will guide the researcher to use appropriate Terms and Connectors (Boolean Operators), to deliver relevant results when performing a search

Learning Outcomes

At the end of this session participants will be able to:

- Identify Operators and define their use in a search string.
- Identify keywords and the operators needed to perform a search in Westlaw AU
- Construct a search string using Keywords and Terms and Connectors
- Refine the results list using additional keywords and Terms and Connectors if needed
- Locate an online link to Terms and Connectors that can be used on Westlaw AU
- Locate Westlaw AU Help and Support

Session Duration
Approximately 30 minutes.

Session Delivery Methods

Online via WebEx / Telephone

Note: The WebEx session allows participants to view the trainer's computer screen.   At no time does the trainer access your computer.
